

Card A - - DONOR: *You keep this quarter section for your records!* One donated plant per sheet/card please. Please fill out all donor & cultivar info on every section, both sides; but NOT winner info. Place donor address on reverse of the mailing card at lower right. Cut this quarter off. Send other 3 parts intact (rest of the page—OK to fold on lines to fit in envelope) to auction organizer/club ASAP (address on reverse side).
Thank you very much!

Suggestions:

- Before passing out sheets, enter your name & info on cards as auction organizer, club and date of auction.
- Be sure that all is filled in front and back on all 3 sections you receive (donor should have kept Card A). Cut this section (B) away from card C & D. Give C&D intact to the auctioneer to use. They are the "plant" and after payment is made, they will be given to the winning bidder.
- During the auction, the winning bidder's # & price can be written on the front of this card. Sort cards by bidder number and it will help total his "bill". Fill in the names later by using your master name to number list.
- When the plant on card is paid for, be sure to initial the postcard where indicated to show payment has been made. Then give both C&D to winning bidder. Winner is responsible for giving delivery details to the donor directly by mailing that postcard.
- Any suggestions to improve this plant by card idea? Contact Muriel Walker at 225-275-8881 Thanks & great gardening.
